## **Progress Report**

**Workgroup Name:** Goal H Workgroup

**Workgroup Co-Chairs:** Ted Hanley, Sandy Thurman, Brad Walsh

**Workgroup Members:** Nick Sciarrini, Dr. Hector Balcazar, Dr. Robin Wilcox, Amy Schornick, Dr. Mary Helen Mayes

**Work Progress Made Since the Annual Symposium:** Clearer consensus on scope of the topic, the chart is 75% complete

**Challenges and Issues:**

**Recommendations for Consideration by the Steering Committee:** At some point it might be important to remind Partnership members, perhaps at the September meeting, that they are also the TSSHHP's missionaries to their own organizations back home. This could potentially mean being asked to bring information back to their organizations about the Partnership, or fostering their organization's response to a request from TSSHHP. You can mention that this reminder originated with the Goal H Workgroup (the goal about partners).

**Additional Comments:** Having Donna Nichols and Dr. Wilcox at our May meeting gave us perhaps for the first time some hope of bringing some professional experience with coalition-building to our workgroup. I hope we can continue to have these two at future meetings.
